

Peel and Stick Solar Top

Now everyone can enjoy the benefits of owning a solar golf cart with the Peel and Stick Roof Kit.

Going Green

The Earth Care Solar Replacement Roof Kit:

- Is easy to apply
- Saves money on electricity
- The payback for investing can be as little as two years
- Uses revolutionary flexible solar panels made with thin film amorphous silicon that are powerful, yet light and flexible
- Allows individuals tax credits for purchasing solar
- Can be used on any passenger size golf cart
- Installs in minutes on existing golf cart tops

The package consists of:

- Charge controller
- Pre-wired wiring harness
- Peel and Stick Solar Top
- Installation instructions
